

VARAGANTI MANISHA

MERN STACK DEVELOPER

Hyderabad, Telangana | varagantimanisha@gmail.com | <https://www.linkedin.com/in/manisha-varaganti>

SUMMARY

Aspiring MERN Stack Developer currently learning MongoDB, Express.js, React.js, and Node.js. Passionate about full-stack web development and eager to build real-world applications. Strong foundation in JavaScript, problem-solving, and front-end development. Enthusiastic about continuous learning and improving coding skills. Looking for opportunities to apply my knowledge, collaborate on projects, and grow as a developer.

EDUCATION

Bachelor of Technology B.Tech - (Computer Science & Engineering)	GPA: 6.7	June 2020 - June 2024
Jawaharlal Nehru Technological University Hyderabad - (MREM)		Hyderabad, India

PROFESSIONAL EXPERIENCE

Web Developer Intern | 24hr7 Commerce Pvt. Ltd.

Mar 2025 – Aug 2025 (Internship, 6 Months)

- Contributed to the frontend development of the Tekfinotax project's React.js web application, focusing on responsive design and clean component architecture.
- Worked closely with the backend team to integrate RESTful APIs, debug UI issues, and enhance performance across devices.
- Utilized version control tools like Git and followed Agile methodology for task tracking and team collaboration.
- In parallel, handled HR-Admin responsibilities such as onboarding interns, scheduling interviews, and maintaining HR documentation.
- Demonstrated strong multitasking ability by balancing technical contributions with organizational support functions.

TECHNICAL SKILLS

- Languages:** JavaScript, HTML5, CSS3
- Frontend Technologies:** React.js, Bootstrap
- Backend Technologies:** Node.js, Express.js, RESTful API development
- Database Management:** SQL
- Testing Frameworks:** Postman (for API testing)
- Development Tools:** Visual Studio Code, npm
- Platforms:** Windows

PROJECTS

Project1: TEKFINOTAX Website | Source: <https://www.24hr7comit.com>

- Full Stack Development:** Developed and maintained MERN stack applications for tax filing and financial services.
- API Development:** Created secure RESTful APIs to handle data exchange between the mobile app, web app, and backend services.
- Frontend (Web):** Built responsive and interactive user interfaces using React.js for the Tekfinotax website.
- Backend:** Implemented server-side logic with Node.js & Express.js to support authentication, tax operations, and data management.
- Database:** Designed & managed MongoDB schemas to store user data, tax documents, and logs securely.

- **Documentation:** Created detailed code documentation and API references to streamline development and onboarding.

CERTIFICATION

MERN Fullstack Developer Course by Elearn Infotech

Jan 2024 – July 2024

- Completed an intensive MERN Full-Stack Development training with a focus on becoming a Proficient full-stack Developer.
- Practical projects solidified my comprehension of the MERN stack.
- Built Full-Stack web apps, mastering the integration of front-end and back-end functionalities while adhering to best practices.
- Gained industry-recognized MERN Stack developer proficiency to become potential employers.
